Product Description

The full code engine powered PSP Action Replay is here, giving you access to the type of codes that made Action Replay world famous on platforms like DS, GBA and PS2.

Transform your PSP games with codes like Infinite Ammo, Infinite Lives, Disable All, Hypermode, Moon Gravity, Walk Thru Walls and Super Unlocks, getting you past seemingly-impossible points or breathing new life into games you've already completed.

Features

- Action Replay is the most powerful game enhancer available for the PSP:
- 100% code engine based game enhancer – real codes – not Powersaves.
- Free instant code updates over WiFi* or via PC download.
- Incredible in-game Action Replay menu means you can turn codes on and off in real-time!
- Fluid, intuitive user interface that is fully customizable.
- Works with the original SONY PSP the PSP 2000 & 3000 plus the new PSPgo.

*WiFi internet connection required. Uses the PSP's built-in web browser. Memory Stick required for PSP 1000, 2000 & 3000.
